PROBOCA

Apodaca, Nuevo León at January 26th, 2022

INTERRA INTERNATIONAL

I hereby inform you that our process establishment with TIF 241 and USDA certified for export of pork, poultry and beef processes, complies with the applicable legislation and regulations to guarantee the quality and safety of the required products, as well as the following controls:

- Development and evaluation of raw meat material suppliers.
- Finished products are brought under a microbiological and physicochemical monitoring program.
- Each of our processes have been evaluated through a HACCP plan, which biological, physical and chemical hazards were analyzed.
- SSOP program
- Good Manufacturing Practices training programs.
- FSSC 22000 Certification
- Monitoring of Quality-Safety controls established throughout all manufacturing processes

Sincerely

Q.B.P Sayra Yañez
Quality Control Manager
