To: Whom it may concern,

**Re: CKF Inc. Molded Pulp Certification.**

This letter is to confirm that the materials inherent within the molded pulp products manufactured by CKF Inc. at its facility in Hantsport, NS, is compliant with current governmental regulatory requirements. Such products include Earthcycle®, Royal Chinet®, Savaday®, egg cartons, produce pre-packaging, drink carriers, and various apple and fruit trays. CKF Inc. also maintains an extensive Food Safety Program in the manufacturing of its products that incorporates the principals of Good Manufacturing Practices (GMP), Hazard Analysis of Critical Control Points (HACCP), Sanitation, and Product Protection (C-TPAT certified).

To ensure the on-going integrity of our Food Safety Program and the Quality Management System, CKF Inc. submits to independent audits performed annually. Attached is a copy of the Food Safety/ GMP Statement of Commitment, awarded by NSF International.

Process and/or ingredient changes are only made when they meet all relevant government regulations, and do not conflict with our Food Safety program guidelines or negatively impact product quality.

I trust this information will be helpful in addressing any concerns you may have about the food and environmental safety of our products. We are pleased to be of assistance to you and invite any further questions on this issue.

Sincerely,  
Melanie Greencorn

QA Supervisor
