

EBERHARD'S DAIRY PRODUCTS

November 26, 2018

To: Our Retailers and Customers

RE: Letter of endorsement, HACCP

As part of our continuing efforts to maintain an effective SQF System and to support its ongoing improvement, Eberhard's Dairy Products manufactures our products under the safest possible conditions, meeting or exceeding customer, company and government standards.

Eberhard's Dairy Products has written a comprehensive hazard analysis and critical control points (HACCP) program to further ensure our products and is fully committed to these principles; all affected personnel will contribute the effort and resources necessary to ensure the success of the program and requirements as well as continually review and improve its food safety management system.
