Re: Letter of Guarantee

Dear Valued Customer,

Willamette Valley Meat Co. is committed to continuously produce quality products that meet our customer's requirements and expectations. All meat products produced at this establishment are processed according to the requirements mandated by the USDA. Our USDA establishment number is 21134 and P-21134. The article(s) comprising each shipment or other delivery hereafter made by the order of Willamette Valley Meat Co. is hereby guaranteed as of the date of such shipment or delivery, to the best of our knowledge, was not adulterated or misbranded within the meaning of the Federal Food, Drug and Cosmetic Act.

Willamette Valley Meat Co. produces meat products in accordance with BRC guidelines and the requirements specified in 21 CFR 110 (GMP regulations) and 21 CFR 123 (the HACCP and sanitation program regulations). We have determined in accordance with FSIS notice 65-07 that E. coli O157:H7 is a hazard not likely to occur in the production and distribution processes currently in operation. We currently operate using the SRM guidelines adopted on 1/26/04 in response to FSIS Notice 4-04. We further certify that we maintain the following plans and records: HACCP Plan, SSOP, GPM, CCP, BRC, STEC Control, Certificate of Analysis, and Annual Third-Party Audits.

Thank you for your inquiry and interest. We understand the importance of relying on supplier safety programs and look forward to continuing to provide quality meat products. Should you have any additional questions concerning our HACCP Program or BRC Certification, please contact me at (503) 232-0933.

Sincerely,

Jason Klein
Food Safety and Quality Control Manager
Willamette Valley Meat Co.
