Re: Covered Products – PET Products

Dear Valued Customer:

This letter is a guarantee that the PET (Polyethylene phthalate polymers), PP (polypropylene polymers) cups, containers and packaging materials supplied to you by the thermoforming division of the Vigour Group, via their U.S. subsidiary Eatery Essentials, meet the requirements listed below. All shipments of this product made by Seller are hereby guaranteed as of the date of each shipment, to be, on such date, saleable for interstate commerce under the Federal Food, Drug and Cosmetic Act (21 USCA 301, et al.), and not adulterated or misbranded within the meaning of the Act.

Materials do not violate any provisions under California's Proposition 65.

Finished products do not contain Bisphenol A (BPA).

Materials have been manufactured in compliance with the applicable Current Good Manufacturing Practices (cGMP).

This guarantee shall be continuing until revoked in writing by the undersigned.

Sincerely,

Nick Maurer
Western Regional Sales Manager
