**Letter of Guarantee – Food Safe Product (VIRGIN PET / RPET)**

To whom it may concern:

CKF Inc. Delta provides VIRGIN PET / RPET containers for the food industry. This includes food service containers and packing trays.

All materials used to produce the VIRGIN PET/RPET trays are food safe. All materials used to produce the trays are FDA approved as per the supplier's FDA documentation.

CKF conforms to Good Manufacturing Principles (GMP). The Plant conducts an annual 3<sup>rd</sup> party GMP audit that includes a review of the HACCP program. The 3<sup>rd</sup> party audit takes place in March of each year.

CKF does not use any synthetic fungicides, preservatives or fumigants on the premises. To the best of its knowledge, CKF packaging materials have not been made with or been exposed to synthetic fungicides, preservatives, or fumigants.

Based on CFIA's definition of food allergens, CKF has no knowledge of any food allergens affecting or coming into contact with the product.

Recycled Content: Our standard product offering includes articles made from 100% PET. However, products made with a minimum of 35% recycled PET content are also available by special order. Please contact your local sales representative to discuss options.

Recyclability: All CKF products, both PET and rPET (Recycled PET), are made from plastic resin (number 1) with the highest rates of recycling. Our trays are clearly marked with Resin Identification Code (RIC) "1", for ease of recycling.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Darwin Dayao', is written over a light grey background.

Darwin Dayao
