

San Vicente de Tagua Tagua, November 2021

Dear client:

We would like to inform you that our plant Faenadora San Vicente Limitada CL 06-08:

- It is eligible to export to the US and Canada.
- We are certified and inspected by Regulatory Body, i.e. CFIA, USDA and we comply with Regulatory Requirements from these markets.
- We perform necessary microbiological testing to our products and process, according to the Official Program Pathogen Reduction from SAG (equivalent to CFIA).
- We will state if the products have a special treatment such as Halal certification.
- We will meet the established specifications of the products

All our plants have an Integrated Management System (SIGAS), based on international standards as GFSI, ISO, among others. At the same time, we are certified under HACCP and BRC standards. Our purpose is to nurture the good things in life every day on the tables in Chile and worldwide.

This letter is valid for one year since the date of signature.

Sincerely,

A handwritten signature in blue ink, appearing to read "Luis Rojas Mansilla". The signature is written in a cursive style and is contained within a rectangular box.

Sign: _____
