RE: Letter of Guarantee – PET Products

Dear Direct Pack Customer Partners,

This letter will serve as a letter of guarantee from Direct Pack, Inc. to DPI's Customer Partners for product that Direct Pack, Inc. is manufacturing for DPI's Customer Partners.

All products manufactured by Direct Pack, Inc. and supplied to DPI's Customer Partners are made from FDA "Food Grade" non-allergen PET resin plastic. The material brand name is polyethylene terephthalate (PET), using the molecular formula ($-\text{CH}_2\text{CH}_2-\text{COO}-\text{C}_6\text{H}_6-\text{COO}-$) and is 100% recyclable. The container may be used for any food product and is not to exceed its melting point of 248 ± 5 °C. The service temperature limits are to range from -17.8 °C (0 °F) to its maximum service limits of 65.6 °C (150 °F).

All products manufactured by Direct Pack, Inc. and supplied to DPI's Customer Partners are in compliance with the applicable "Good Manufacturing Practices". Materials' intended use complies with Federal Food, Drug and Cosmetic Act. Furthermore, the packaging materials purchased from Direct Pack, Inc. by DPI's Customer Partners are in compliance with 7 CFR 205.272 (b) (1) of NOP and Section 7.3.5.6 of the AOS.

All products manufactured by Direct Pack, Inc. and supplied to DPI's Customer Partners are packed in cartons lined with HDPE food grade poly liners.

Very Sincerely,

John Lewis

John Lewis
Director of Quality Assurance
